

# **Philip Smith standing for St Peter Port Procurer Wednesday 19-11-2025**

The office of Procurer is an ancient position established hundreds of years ago it was to ensure that people in desperate need could apply for assistance from the Parrish to help them in very hard times. The post still exists, however, the personal needs have changed with the passage of time.

I Philip Smith wish to be considered for this position.

Which requires:

**Integrity**

**Compassion**

**Confidentiality**

**Understanding**

**Advice**

I believe with my life experiences I am in a strong position to help people.

I was born in 1946 and raised in the ruins of WW2 London, in a family of six children. My mother went to work as soon as she could and eventually had three jobs.

Through my career I have always strived to improve myself and relied on night school. I have had examination failures but used them as learning experiences. After 31 years with British Airways as an engineer I have gained an MSc and become a Chartered Engineer to aid my path into Management I gained a Diploma in Management Studies. After retiring from BA I decided to give something back to society and went into teaching and gained a Post Graduate Certificate in Education. The Douzaine is another opportunity to improve the environment for our community, I see applying to become the Procurer as another step in this process.

**Please Vote for me Philip Smith Wednesday 19-11-25**
